Patents 1 - 10 on **concept based system for representing multimedia objects.** (0.07 seconds)
[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

[APPLICATION] **Concept-based system for**

representing and processing multimedia objects with ...

US Pat. 6675159 - Filed Aug 9, 2001 - International Business Machines Corporation

Concept-based system for representing and processing multimedia objects ...

Concept-based search and retrieval system

US Pat. 6675159 - Filed Jul 27, 2000

The **concept-based** indexing and search **system** of the present invention has

distinct advantages over the approach set forth in the Katz and the other ...

Concept mapbased multimedia computer system for facilitating user ...

US Pat. 5506937 - Filed Apr 2, 1993 - University of West Florida

Further **objects** and advantages of the present invention will become ... a

computer-**based** method of organizing and **representing** domain knowledge that ...

Pragma facility and SQL3 extension for optimal parallel UDF execution

US Pat. 6067542 - Filed Sep 30, 1997 - NCR Corporation

System Administration includes initial loading of **multimedia objects** into ...

with reference to the user interface and two-pass paradigm **concept analysis**, ...

System and method for visually representing the contents of a multiple data ...

US Pat. 6564202 - Filed Oct 19, 1999 - Xerox Corporation

Knowledge Pump, a Xerox **system**, provides community- **based** recommendations by

initially ... sound files, **multimedia** files, and other types of content. ...

Object oriented system for representing physical locations

US Pat. 5634129 - Filed Dec 20, 1995 - Object Technology Licensing Corp.

Users may view **objects** in real basic **system** software services such as ...

however, framework programming requires **multimedia** talk and present it to the rest ...

Multimedia on-demand server

US Pat. 5720037 - Filed Jun 16, 1994 - Lucent Technologies Inc.

This cost a **multimedia** database, and in particular, to on-demand 5 would rise to \$5.5 million for a **RAM-based** cache capable access to such a database. of ...

Multimedia on-demand server having different transfer rates

US Pat. 5754773 - Filed Jun 6, 1995 - Lucent Technologies, Inc.

This cost a **multimedia** database, and in particular, to on-demand would rise to \$5.5 million for a **RAM-based** cache capable access to such a database. of ...

Method and system for processing a request **based** on indexed digital video data

US Pat. 5602582 - Filed Nov 22, 1994 - U S West Marketing Resources Group, Inc.

BACKGROUND ART Methods for digitally **representing** video signals have 15 ... **objects**, features and advantages of the present invention, a **system** is also ...

[APPLICATION] Apparatus and method for searching **multimedia** object

US Pat. 10327873 - Filed Dec 26, 2002

[0005] In a **content-based** image search **system**, most of image search engines ... description information of a **multimedia** object, a DB for storing **objects**, ...
